At a glance

Key numbers from this briefing. Opportunity score is in the header.

Household electricity for offer math: **4.000 kWh/yr**. **Change on Offers** (form default 4.000 kWh/yr if unset).

SOLAR YIELD	SUBSIDIES	MODEL RETAIL	VS MARKET SCAN
955,4 kWh/kWp·yr	**1.650 €**	**0,22** €/kWh	**0,19** €/kWh
PVGIS site reference	Potential (enricher)	SMARD-based model	Below model retail

Property location

Karlsruhe · satellite preview

Site and opportunity

Why this lead and what we know about the building.

Property context

Era	1941 / renovated 2000
Historic protection	possible

Roof

Market and energy

Local prices and utility — from market enricher where available.

Price trend

Falling Stadtwerke Karlsruhe Grundversorgung price reduced to 33.65 ct/kWh as of 1 March 2026

Local utility

Provider Stadtwerke Karlsruhe

ARCHITECTURE

How a lead becomes a live pitch

1 INPUT Lead form — customer name + location

↓

2 ENRICHMENT 7 parallel agents

↓

- Geocoding
- Solar potential
- Energy prices
- Roof analysis
- OSINT
- Subsidies
- Market context

↓

3 PIPELINE Opportunity score + offer tiers + financing + coaching tips + roof analysis

↓

4 OUTPUT Dashboard: Overview · Roof · Offers · Market · Pitch Assistant

CI / CD push → auto-pull → containers rebuild → live in prod

CHALLENGE VS. OUR BUILD

CHALLENGE PILLARS

Market & regulatory context
Energy price trends, carbon pricing, subsidies, regulations, why now

Compelling offer
2–3 personalised packages at different levels of ambition with justifications

Financing strategy
Cash, partial financing, full financing scenarios with subsidies integrated

WHAT WE BUILT

Sourcing via orchestrated agents
7 parallel agents: roof, solar, energy, subsidies, OSINT, market.

3 offer tiers + pitch assistant
Good / Better / Best with cash, loan and lease scenarios and concrete advice for sales pitch

Financing scenarios
Concrete financing scenarios integrated with locally available subsidies

WHERE WE GO NEXT

SCHUFA integration

Pull credit score to sharpen financing tiers and risk-adjusted pricing.

Deeper OSINT

Estimate income and obligations to tailor loan sizes and monthly rates.

Live adaptive offers

Rewrite offers on-the-fly as new info surfaces during the sales call.
